BUILDING HIGH PERFORMANCE TEAMS

Team management requires skill, patience and time. Fortunately, many useful techniques are available to help team leaders transform their groups into strong, productive teams. This programme presents effective techniques to assist participants with team management by building vital skills to maximise individual contribution, understand team roles, resolve conflict, negotiate solutions, evaluate outcomes and think creatively.

The experiential approach of the programme has been enhanced by adding a new and exciting simulation. This novel approach to learning addresses challenges of planning, competitiveness, trust and communication within teams. The activity focuses on team dynamics in a real-life situation with an emphasis on how to optimise the performance both as a team player and a team leader.

PROGRAMME BENEFITS

Participants will learn:

- Underlying frameworks on teamwork and influence
- Strategies to manage cross-functional team dynamics
- Assessment of personality type and leadership style
- How to effectively handle complexities of group dynamics in team engagement, synergy, conflict and decision making
- Strategies for building high performance culture and teams
- Ways to mobilise communication and exchange of feedback between teams
