School of Business

ORGANISATIONAL TRANSFORMATION FOR POWERING INNOVATION AND GROWTH

No business can afford to stand still in markets that face new product and services offerings, novel competitors, emerging business models and digitalisation drives. Staying ahead depends on an enterprise's ability to innovate and transform itself. This 3-day residential programme will reveal how you can sponsor pockets of innovation within your organisation to achieve competitive differentiation and mobilise change that creates value for customers while leaving the competition behind. It will show you which fundamental business approach will give you the clearest lens through which to make decisions that ensures not just organisational survival but powers growth.

The programme will cover technological advances and digital approaches that are changing business models across industries. At the end of this transformational programme, you will be able to action strategies that drive innovation and growth in your enterprise via superior management decisions.

BENEFITS

The programme will help you to:

- Evaluate your organisation's innovation profile and future-readiness vis a vis the pace of change on the local and global scale
- Understand how technology and digital ecosystems are transforming business models, value chains and industry dynamics
- Strategise how your organisation can build a portfolio of opportunities that produce short-term wins, as well as help, lay the foundations for long-term sustainable growth
- Explore roadmap for building an innovative organisation with a systemic approach towards improving structure, process, culture and leadership
- Understand how new capabilities related to technology and data can be built and leveraged for competitive advantage

WHO SHOULD ATTEND

Senior executives heading organisational divisions or business units with more than 10 years of experience. CEOs, C-Suite Executives, Entrepreneurs, and Divisional heads in a leading role to more than three levels of management who seek to take their organisations to a next level by launching novel innovation strategies enabled by digital transformation.

PROGRAMME DIRECTORS

Dr. Alnoor Bhimani

Honorary Dean
Suleman Dawood School of Business

Dr. Alnoor is a Professor of Management Accounting, and the Founding Director of 'LSE Entrepreneurship' at the London School of Economics (LSE). He has also headed the Department of Accounting at LSE during his 30 years' service at the institution. His academic work and research interests include management accounting in the digital economy, international comparative financial management, strategic finance, the socio-cultural analysis of accounting systems and aspects of globalisation, governance and financial management, entrepreneurship and economic growth.

Dr. Alnoor is an advocate for quality education and innovation; an accomplished scholar and a dedicated teacher. At LSE, he taught the first course ever on Internet Entrepreneurship. He has authored over 100 publications including bestselling books in financial management, technology and digitisation. He is connected with tech-entrepreneurs and sits on business school Advisory Boards in Africa, America, Europe and Asia. Dr. Alnoor has been associated with SDSB in the capacity of an Advisor for the past few years; while being a part of the Advisory Committee of SDSB.

He holds an Undergraduate degree from King's College London UK, an MBA from Cornell University USA where he was a Fulbright Scholar. He has also obtained a PhD from London School of Economics UK. He is a Chartered Professional Accountant from Canada. In 2016, Professor Bhimani was conferred an Honorary Doctorate of Science in Economics and Business Administration by the University of Aalto in Finland. The degree was in recognition of his research leadership in management accounting and its impact on the research agenda and orientation of the field across Europe.

Dr. Muhammad Adeel Zaffar

Associate Professor
MIS and Technology

Dr. Zaffar is an Associate Professor and Associate Dean External Relations in the Suleman Dawood School of Business at the Lahore University of Management Sciences. He received his PhD from the University of North Carolina at Charlotte. He has over 15 years of teaching experience including teaching roles at the University of North Carolina-Charlotte, University of Wisconsin-Milwaukee and SDSB. His academic work and research have focused on effective use of technology in organizations, building innovative teams and organizations, social network analysis, design and deployment of data-driven decision support systems with applications in the healthcare, telecommunication and construction industries. His research has appeared in Decision Support Systems, IEEE Transactions on Engineering Management, Internet Research, Simulation Modeling Practice and Theory, Journal of Management & Organization and Operations Research for Health Care.

Dr. Zaffar teaches in undergraduate, graduate and EMBA in the areas of Management Science, Decision Analysis, Business Intelligence, Technology Design and Innovation Management. With extensive experience in executive education, Dr. Adeel has been the Programme Director for flagship top-tier executive education programmes including Leadership for Senior Executives, Management Development Programme, and a series of customised programmes developed for multiple leading corporates from Telecommunications, Higher education and FMCG sectors at the Rausing Executive Education Centre (REDC), LUMS.
